It came under state protection in 1994. Here you will have the opportunity to attend a Buddhist ceremony. Next, we will visit a **small museum of dinosaur fossils**. The centerpiece of the museum is the 4m tall, 3 tonne UV light Tarbosaurus bataar (cousin of Tyrannosaurus rex) and a smaller Saurolophus, with its distinctive skull crest. The Tarbosaurus bataar made international headlines in 2012, when it sold for more than US\$1 million at auction in Texas. The Mongolian government protested that the fossil had been illegally removed from Mongolia and demanded its return. The legal battle ended when a US judge ruled in favor of Mongolia. The museum also includes examples of Velociraptor and Protoceratops, and a nest of Oviraptor eggs. It is located inside the former Lenin Museum, built in the year 1974. While there are plans to expand it into a world-class institution, for now it is still a bit limited in specimens. Visit the **National History Museum**-where you will see artefacts from Mongolia and Central Asia from the Stone Age to the present. **Day 8-Breakfast.** Today, we will head North to **Karakorum in Central Mongolia-the Genghis (Chinggis) Khan's 13th century capital and heart of the mighty Mongolian Empire and Okhon river Valley, cradle of Mongolian civilization.** Visitors, such as **Marco Polo**, described its ornate building, including a 2500 sq. meters Palace of Worldly Peace. Overnight in Tourist Gers Camp in Karakorum. **(B)(L)(D)**

**Day 9-Breakfast.** Next, we will visit the **Monument to the Mongol States** located on a hill overlooking the city of **Karakorum (Kharkhorin)**, on the bank of the Orkhon River. It was built in 2004. The monument consists of a large pile of stones (a shamanic ovoos) carefully assembled into a cone shape, approximately the same size as a tipi, with nine posts protruding from the top. This structure is mounted on a stone and concrete platform and is surrounded by three walls that represent three sections of a circle. The outer sides of these walls feature three colorful mosaics representing three maps, one for each of the empires.

1. First, there was the Xiongnu Empire, a confederation of nomadic tribes that lived on the steppes from about the 3rd century BC. until the 1st century AD.
2. The Turkish Khaganate Empire followed, established by the Göktürks in 682 and lasting only until 744.
3. Finally, and famously, Genghis Khan founded the Mongol Empire of the 13th and 14th centuries.

The iconic place of the **Mongol Empire** in culture, combined with the shamanic symbolism of the ovoos at the center of the monument, prompts people to leave offerings of vodka, milk, tea, rice and other edible delicacies that inevitably attract birds and some than another herd of goats and sheep passing by. Several animal skulls can also be found around the monument, completing the surreal scene. It is no coincidence that the **Imperial Map Monument** is located in Kharkhorin, as this city (then called Karakorum) was the capital of the Mongol Empire under **Genghis Khan's successor, Ogedei Khan. The Imperial Map Monument** is a great vantage point from which to look out over the city of Kharkhorin and the Orkhon River, and imagine what this collection of dirt roads and low-rise buildings may have looked like in its glory days. After, we visit **the legendary Erdene zuu monastery, the turtle monument and the Karakorum museum**, which is recently opened to show the public, remains unique in Karakorum found during an excavation organized by Mongolia and Germany together. In 1792 the Monastery still had 62 temples and 10,000 lamas. But in 1930 it became a victim of the Stalin's purges. All but three of the Temples were destroyed and most of the monks were either killed or sent to Siberia. Subsequently the **Orkhon Valley** was continuously occupied throughout the Prehistoric and Bronze ages and in proto-historic and early historic times was settled successively by the Huns, Turkic peoples, the Uighurs, the Kidans, and finally the Mongols. Today, the cultural heritage of the valley constitutes a **UNESCO World Heritage. Mongol lunch is included front Erdene zuu monastery.** After, departure to the **Tsenkher Hot Springs** (120 km/75 miles, about 2.30hrs), located near the **Khangai mountains** and in a forested area, in the province of Arkhangai. These hot springs are sulphurous springs that flow at a temperature of more than 80 degrees, allowing visitors to enjoy an open-air spa in the middle of nature. These waters are appreciated for their healing properties. In this area there is a presence of nomadic families where they graze with their herds of horses, yaks, sheep, bulls, etc. Overnight in Tourist Gers Camp. **(B)(L)(D)**
